BERKSHIRE
SERVICES GROUP

Corridor Renovation Services

Apartment Buildings
Office Buildings
Commercial Buildings

Berkshire Services Group will deliver a result that exceeds your expectations. You'll experience the highest levels of professionalism, quality, and service as we create interiors to match the lifestyle of your building. Our craftsmen execute flawless painting and wall covering installation, millwork installation, expert lighting installation, and the artful design of impressive flooring.

Our relationships with the industry's top material manufacturers allows us to deliver competitive pricing and unique options to solve your individual property's needs.

Flooring

Daily traffic exposes corridors to wear and tear, every day. Floors must not only be durable, but speak to the elegance of your building. Current tenants, visitors, and prospective buyers both expect and appreciate the distinction of an up-scale building.

We provide options that deliver durability and elegance – in carpet, tile, wood, and vinyl.

Wall Covering

Make a great first impression. Corridors and entryways with a modern wallcovering set the ambiance with character throughout your building's interior. Make your tenants proud of their address, and captivate potential tenants and buyers with your building's interior presence.

Painting

Meticulous taping, skim coating, and precise painting performed by our skilled workers results in a totally transformed corridor experience. This relatively minor renovation yields great results.

We are perfectionists when it comes to painting, treating both large and small jobs with our utmost attention to the details that separate our work from that of our competitors.

Lighting

Our specialists have the experience and expertise to install lighting solutions that are perfect for your needs, ensuring all safety and compliance standards are met, without detracting from the aesthetic of your building design.

Our quality, up-to-date fixtures and components are not only functional, but make a bold statement to all who pass through.

Millwork

Give your corridor a timeless look with millwork installed by our experienced professionals. Add detail that sets your property apart from the rest with the most cost effective way to add value to both tenants and buyers.

Our Process

1. Simplifying the selection of the proper products.

2. Convenient scheduling that works for you, your staff, and your tenants.

3. Installation that comes with great experience and customer service you can only get from a company whose owners are involved in your project.

Expert Corridor Renovators of:

- Apartment Buildings
- Commercial Buildings
- Office Buildings

The Berkshire Services Group is committed to excellence from project initiation to punch-list completion. Creating a foundation of trust and communication with our clients begins at our first conversation. We recognize the complex process involved in a major renovation, appreciate your objectives, concerns, and vision, and make them our own. Let our experience and commitment to quality create the beauty and value your property deserves.

We serve the New York City Metropolitan area, including all five boroughs, Connecticut, northern New Jersey, and Westchester County.

We Make Common Spaces Extraordinary

The Berkshire Services Group performs expert renovations on corridors and high-traffic walkways in apartment buildings, commercial complexes and office spaces. We understand that the aesthetic balance, elegant presentation, and functional performance of your common spaces has a direct impact on the value of your property. We elevate the experience of tenants, visitors, and potential buyers with guaranteed renovations, held to the highest quality standards, completed on-time and on-budget.

The New York Metropolitan market is unrivaled when it comes to competing for both buyers and tenants. Commercial Realtors agree: Newly renovated corridors and common spaces sell properties faster, attract and retain occupancy, and increase value per square foot.

Let the professionals at the Berkshire Services Group help your property make the statement you intend. Elegance, Quality, Accessibility.
